Updated Other Volume:

Updated Other Contaminant

Notes:

On site 2/11/15, at 12:10 p.m. Possible light impact off location to snow-covered field to the north of treater. No other possible areas of impact off location other than to north field. Awaiting documentation from landowner to confirm request for no remediation to be done. More followup required.

Date: 2/18/2015 **Status:** Correspondence

Author: Crowdus, Kory

Updated Oil Volume:

Updated Salt Water Volume:

Updated Other Volume:

Updated Other Contaminant

Notes:

Spoke with landowner to confirm request that impacted area off site in field was to be left as is. He explained that he has winter wheat planted, and it would cause more damage to clean up the area. I also spoke with company contact person, and company will be taking soil samples to assess impact. Results will be sent to NDDoH.

Date: 4/1/2016 **Status:** No Further Action Requested
